Ozark Highlands Trail Backpacking Expedition

In the past, Troop 889 has had a backpacking expedition that will be traveling approximately 50 miles along the Ozark Highlands Trail. This will be a great backpacking adventure. It is a

relatively unpopulated area with lots of wildlife and elevations up to about 5,000 feet.

This is a great chance to get the Hiking merit badge, which is otherwise relatively difficult to get. (This does require one hike of 20 miles on one day.)

The primary cost will be transportation, so we do not expect it to be expensive. Scouts will need proper equipment. Some of this can probably be borrowed. Scouts will also be required to participate in “getting in shape” activities!

Project C.O.P.E.

This is a great confidence-builder and teamwork exercise.

Description: A Challenging Outdoor Personal Experience that may include problem-solving exercises, low-course activities (conducted from ground level to six feet above ground), and high-course events (several combined activities which require each participant to be belayed, conducted twenty-five feet or more above ground).

Age Restrictions: At least 13 years old

Cost: \$50.00 per scout (includes 5 meals and a Project Cope shirt)

Philmont Scout Ranch

Philmont Scout Ranch is generally considered to be the epitome of Boy Scout High Adventure. Located in the New Mexico Rocky Mountains, Philmont offers a challenging and very rewarding experience.

Description: There are many adventure and training opportunities at Philmont. These range from 7-day to 21-day adventures. There are also opportunities for individual scouts to participate in various programs.

Troop 889 has made application for a Philmont slot for many summers. Scouts must be 14 years of age or have finished the 8th grade in order to participate. We will have more information about this coming later.
